RE: Hayley

Dear Jason and team,

Kevin and I want to thank you for making a superb college education possible for our daughter. When I first attended your lecture at the library in early 2010, I remembered saying to myself "I need this young man's help to guide me through the college application process and more importantly in obtaining the best financial aid package possible". And while your fees seemed high at first, I can now honestly say I made the right decision and **you are worth your weight in gold!!!**

When we received the financial award letter from Bard for over **\$40,000** it brought me to tears. Nearly **80% of her tuition & room/board are covered**; not only for her first year, but for every year until she receives her bachelor's degree! By the time she graduates she will have received approximately **\$130,000 in free money!** I could never have accomplished the same result without the help of you and your team-- not in a million years-- and I run a company! And everyone was so helpful and patient with all my questions...and I know I had many.

So for any parent that thinks it is a cake walk, have them call me☺ and I will set them straight! You are someone I want in my lifeboat☺

Best of luck and thank you again.

Very truly yours,

Patricia Leonard-Garrigus
