

Making College Affordable

November 16, 2010

To Whom It May Concern:

I am pleased to strongly recommend National College Planners.

I have known Mr. Jason Youngblood for three years on a professional and personal level. He is one of the hardest working and trusting individuals I have ever known.

Jason has been on our side, every step of the way, helping us with our daughter's college choices and financial Aid. Every question has been answered in a timely manner and we have received a financial aid package which exceeded our expectation. Thanks to his efforts our daughter will be receiving \$18,970 of aid per year which will amount to almost \$76,000 by the time she graduates college. We are very pleased and as a result will continue using his services for future help with our daughter who is currently attending UCI and our son who is a sophomore.

On behalf of my husband and I, we strongly encourage that you give National College Planners the highest consideration for your children's future.

If you need any additional information, please do not hesitate to contact me.

Sincerely,

Sholeh and Mehran Karbassioon
