

February 5, 2013

Jason,

I would like to thank you for all your help getting our daughter, Jessica into **Columbia University** and more importantly for helping us get financial aid to pay for it. Jessica was named a John Jay Scholar by Columbia and given **\$114,000 over 4 years in free grant money which never has to be repaid.** It is such a big relief knowing Jessica is getting one of the best educations available and will not start off her adult life having to repay a huge debt of student loans.

While Jessica's success is a direct result of her drive and hard work, the assistance of you and your company, National Collegiate Planners in the application and financial aid process' was *invaluable*. Thank you!!!

Mark & Stephanie Karch
