

Dear Jason and NCP staff;

February 2013

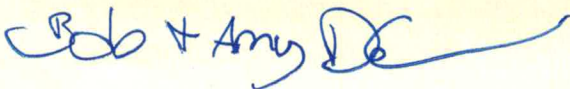

Bob and I want to thank you for helping our son Daren reach his dream of going away to college.....and not just any college but the college which is a perfect fit for him! As college graduates ourselves we wanted our son to have a college education and the experience of living away from home. We had saved for this goal for many years. Thanks to the national and worldwide recession and unexpected health problems, our income has been reduced by 50% in the last five years. Our savings and investments are now gone and we had no idea how to get Daren the maximum financial aid available.

We learned of NCP from the Mom of one of Daren's friends and we were skeptical. To find a group of bright caring people to guide Daren through the confusing and ever changing financial aid process was too good to be true. We met with you and we were all amazed. You and the staff were informative, kind, confident and willing to hit the ground running as Daren's mentor and coach. You helped Daren analyze the colleges he had applied to and taught him how to ultimately accept the college best suited to his personality and his educational goals. Then you dove in and got started working with us on the financial aid process.

Daren is in the second semester of his freshman year and he received one half of his college tuition in grants and scholarships. He has student loans for one quarter of his tuition and we are paying for one quarter of his tuition. At this rate Daren will have a modest student loan to pay back after he graduates and his new dream of going to graduate school, with your continued help, is a reality.

You definitely provide more than full value for the cost of your services. You and NCP have been a blessing to our family and we tell everyone we can about you.

Sincerely,

A handwritten signature in blue ink that reads "Bob + Amy P." followed by a long, sweeping horizontal line.

Bob and Amy P.
