

**Making College Affordable**

Jason,

We are so thankful for the amount of financial aid that you helped our daughter get from Syracuse University. Paying for her education always worried us very much which is why we came to you. We are glad we did because you helped us get over \$125,000 of aid in grants, scholarship and student loans. It never crossed our minds that Sarah would receive so much financial aid towards her undergraduate education. We know that without your valuable help and work she would not have received as much money, if any!
